Lookbook

**Crafted to Last,  
Designed for Living**

A glimpse into 20 years of bespoke  
kitchens and interiors. For ideas,  
inspiration, or your next project.

# Welcome

Thanks for picking up our Lookbook. Inside, you'll find a selection of projects we've worked on over the past 20 years — from one-off vanities to full kitchens and fitted interiors.

What started as Rob working alone in a small workshop has grown into a close-knit team based in Harrogate, creating handmade cabinetry for homeowners, designers, architects and developers across the UK. Every project is a bit different, but what stays the same is our commitment to craft, detail, and doing things properly.

We've pulled together some of our favourite pieces to give you a feel for what we do and how we work. If it sparks ideas for your own project — whether you're designing a single room, renovating a whole home, or developing multiple properties — we'd love to hear from you and see how we can help bring your ideas to life.

# Our Story

## 20 Years of Craft, Care & Conversation

What began as one man's return to hands-on work has grown into a small, trusted team of makers committed to thoughtful, long-lasting design.

After finishing university, Rob realised that his heart wasn't in office life — it was in the workshop. Drawn to the process of working with tools, timber, and real, lasting results, he retrained as a cabinet maker and never looked back.

Over the past 20 years, Rob has built a reputation for quality, honesty and personal service. Today, every piece we make still begins with conversation — and is crafted, by hand, in our Harrogate workshop.

We're not about trends or templates. We're about good materials, skilled hands, and making furniture that feels just right for the people who live with it.

# How to buy

Your project, built the right way — from first ideas to final fit.

Whether you're ready to get going or just exploring possibilities, here's how we typically work with clients. No pressure. No jargon. Just honest advice and a straightforward process

## 1. Get Inspired

Every project starts with an idea — big or small. Maybe it's a kitchen island where everyone gathers, a better way to hide the bins, or a simple wish for more calm and order.

Now's the time to think about what matters most in your space. Don't worry if it's not all figured out — we'll guide you through the details. But we'd love to know what's on your wishlist.

## 2. Get in Touch

Once you're feeling inspired, drop us a line. Tell us a little about your space, your ideas, and any must-haves. We'll come back to you quickly to let you know how we can help.

## 3. Free Initial Consultation

We'll arrange a no-obligation call or site visit to chat through your plans, budget, timeline, and how we work. This is your chance to ask questions and get clear, expert guidance.

## 4. Design & Quotation

If you're happy to move forward, we'll create an initial design outline and detailed quote — including sketches or drawings, suggested materials, and timelines.

## 5. Final Design & Build

Once everything's agreed, we refine the design together. Then it's over to the workshop, where every piece is carefully made by hand in Harrogate. Expect regular updates and a smooth, well-managed process from start to finish.

## 6. Delivery & Installation

When your cabinetry is ready, we'll arrange delivery and expert installation at a time that suits you. We take great care in every fit — making sure everything is just right and leaves no trace behind except a beautifully transformed space.

## 7. Aftercare You Can Count On

We believe in building things properly — and standing by our work. If you have any questions after installation or ever need help down the line, we're just a phone call away. Long after the tools are down, we're here when you need us.

# Our Approach

## What makes our work different — from process to finish

At Robert Bratley, we believe the best results come from care, clarity, and collaboration. Every project begins with a conversation — not a catalogue — so we can understand your space, your style, and how you want to live. From there, we design and build everything from scratch in our Harrogate workshop, combining traditional joinery techniques with a meticulous eye for detail.

We don't rush, we don't cut corners, and we don't believe in one-size-fits-all. Whether it's a full kitchen, a bathroom vanity or a freestanding piece, our work is built to last — both in quality and in style. You'll find no flash trends here. Just honest materials, solid craftsmanship, and thoughtful design that stands the test of time.

Throughout each stage — from first sketches to final fit — we keep things clear, communicative and considered. The result is a process that feels personal, and finished spaces that feel completely yours.

### Ready to bring your project to life?

We'd love to hear what you're planning — whether it's early ideas or detailed drawings. Get in touch to start a conversation.

# Bespoke Kitchens

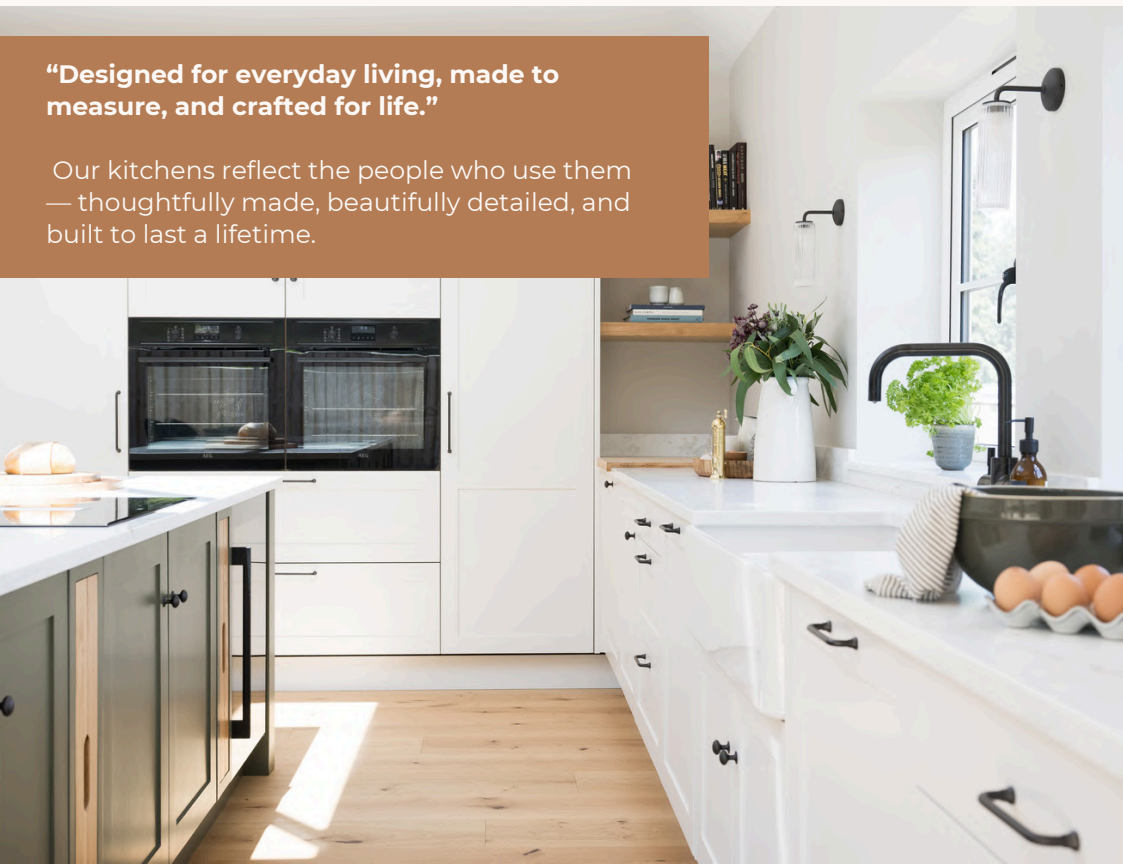

Your kitchen should feel like home — and work like it, too. Whether you lean traditional or contemporary, we design kitchens around how you live. From cabinet style and layout to material choices and final finishes, every detail is shaped by your space, taste, and needs. Our kitchens are made in-house, installed by our team, and built to be used and loved for years to come.

***“More than a kitchen — a space shaped by craft, care and purpose.”***

Built from scratch in our Yorkshire workshop, every kitchen is made with honest materials and traditional joinery, with no shortcuts and no compromise.

**“Designed for everyday living, made to measure, and crafted for life.”**

Our kitchens reflect the people who use them — thoughtfully made, beautifully detailed, and built to last a lifetime.

Every kitchen we create is handmade in our Yorkshire workshop, combining timeless design with solid craftsmanship. From tailored storage to thoughtful finishes, nothing is off the shelf. Whether you're working with an architect, designer or planning your dream space yourself, we bring a collaborative approach and over 20 years of experience to help turn your vision into something real, lasting and beautifully lived in.

**“Tailored design, built by hand.”**

Working in collaboration with an interior designer, we crafted this bespoke kitchen for a home in Leeds. Handmade in our Yorkshire workshop, every detail was tailored to suit the space — from the solid hardwood cabinetry to the carefully considered finishes.

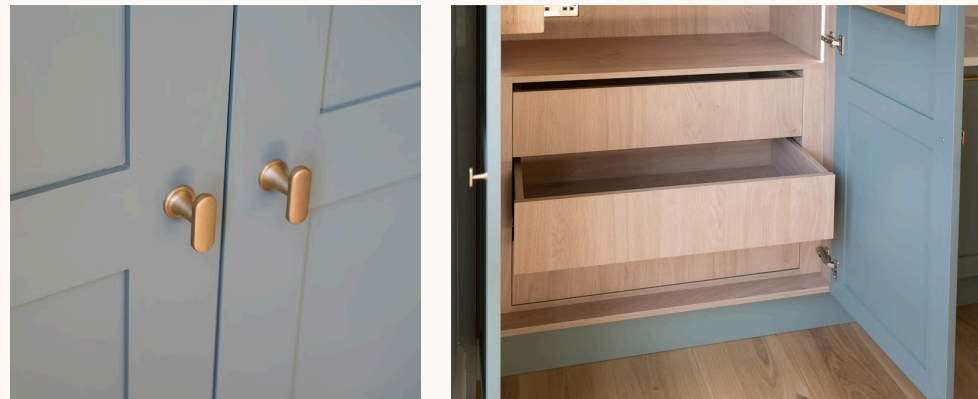

A handmade larder unit, built to blend beauty with utility. Featuring solid timber shelving, integrated lighting and tailored internal storage — a timeless addition to any working kitchen.

It's all in the finishes — from hand-selected handles to custom paint colours and perfectly aligned shelf heights. Every detail is considered, because the little things make all the difference.

**“Made to fit your life — beautifully.”**

At the heart of this Harrogate home sits a generous kitchen island — the centrepiece of a bespoke design tailored to family life. With abundant storage, thoughtful detailing and handcrafted cabinetry throughout, this kitchen proves the value of furniture made to fit your space, your style, and your way of living.

Every detail, from storage solutions to finishes, is thoughtfully crafted to suit the home and lifestyle—bringing beauty and practicality together in equal measure.

**“Where family life meets entertaining.”**

Designed as part of a kitchen extension, this space was created in partnership with builders, developers and homeowners to deliver a kitchen that works as hard as it entertains. Blending practical family living with refined design, it's a true heart-of-the-home space—made to welcome, host and last.

Every detail, from storage solutions to finishes, is thoughtfully crafted to suit the home and lifestyle—bringing beauty and practicality together in equal measure.

# Fitted Furniture

From wardrobes and utility rooms to boot rooms and media units, our fitted furniture is made to measure and built with care. Every piece is designed around the way you live, combining timeless craftsmanship with practical, thoughtful design.

# Media Units

Designed to fit your TV or home cinema, creating the ideal solution for your space.

ROBERT BRATLEY LOOKBOOK | 16

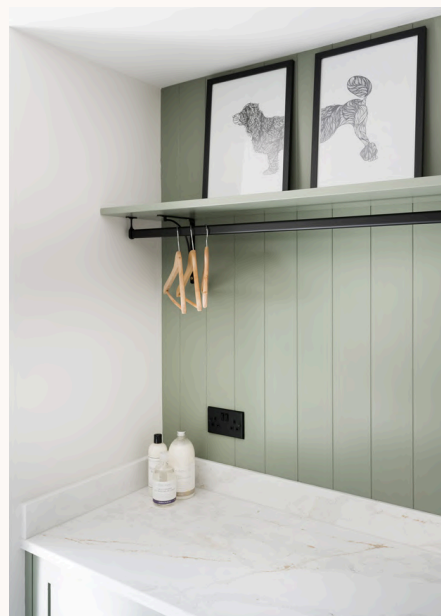

# Utility Rooms

We work with you to create a handmade utility room, perfect for storage, muddy boots, and busy washing days.

ROBERT BRATLEY LOOKBOOK | 17

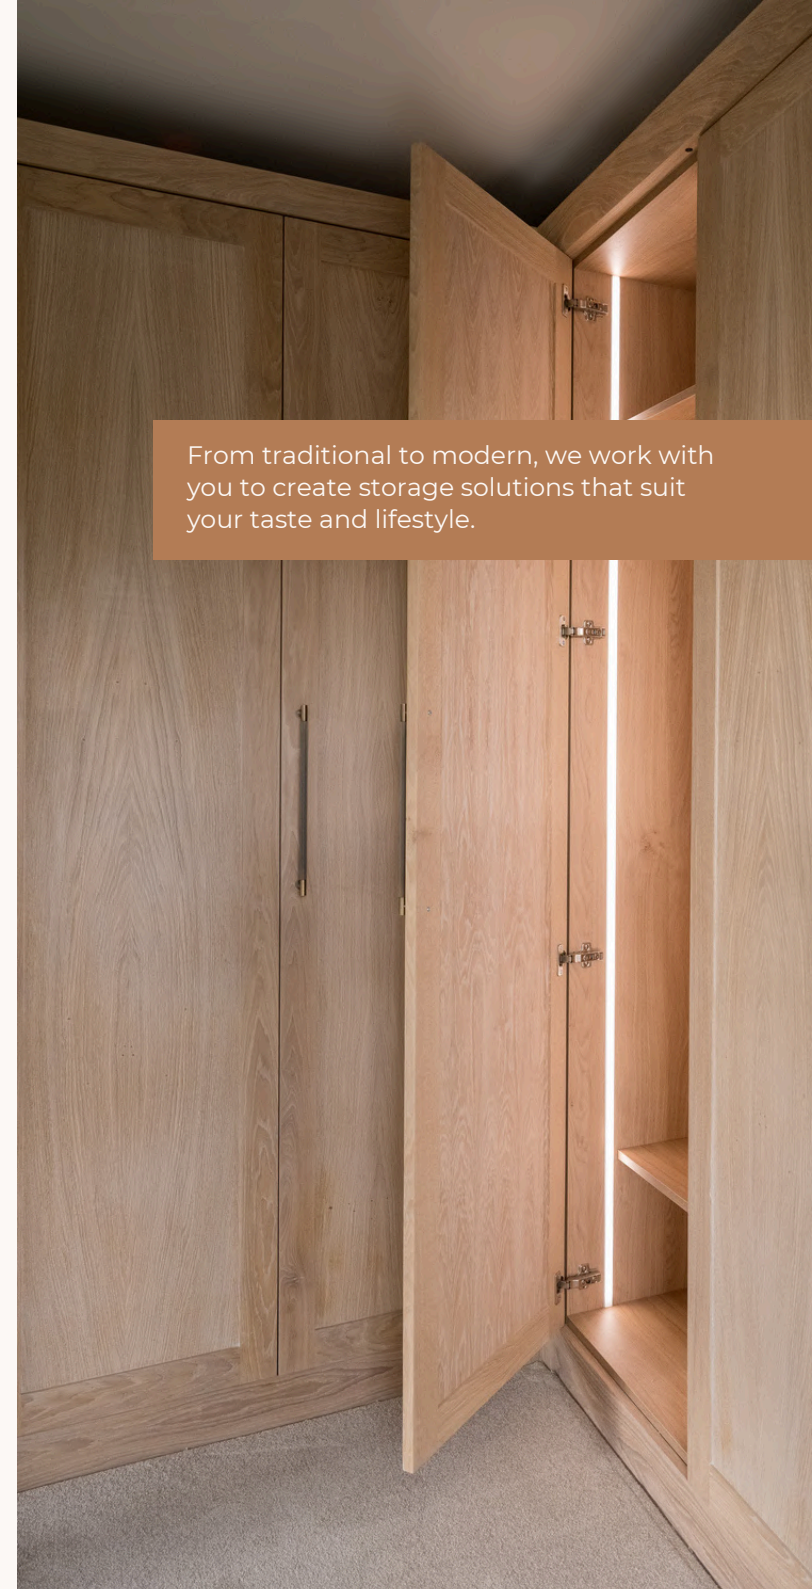

# Wardrobes

Tailored to your lifestyle, our handmade wardrobes bring organisation, style, and lasting quality to every room.

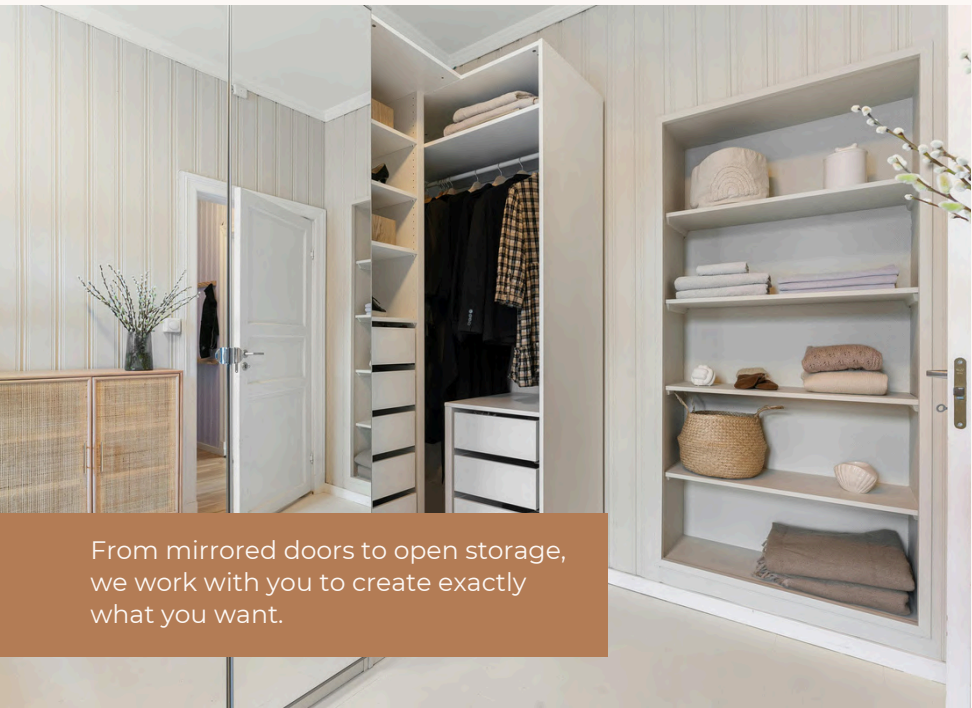

From traditional to modern, we work with you to create storage solutions that suit your taste and lifestyle.

Experience the luxury of a bespoke dressing room, designed to bring style, organisation, and elegance to your daily routine.

From mirrored doors to open storage, we work with you to create exactly what you want.

# Free Standing Furniture

Our freestanding furniture is handmade, not flatpack, combining timeless craftsmanship with lasting quality. From bathroom vanities to sideboards, cabinets, and console tables, each piece is designed to bring style, function, and a lifetime of enjoyment to your home.

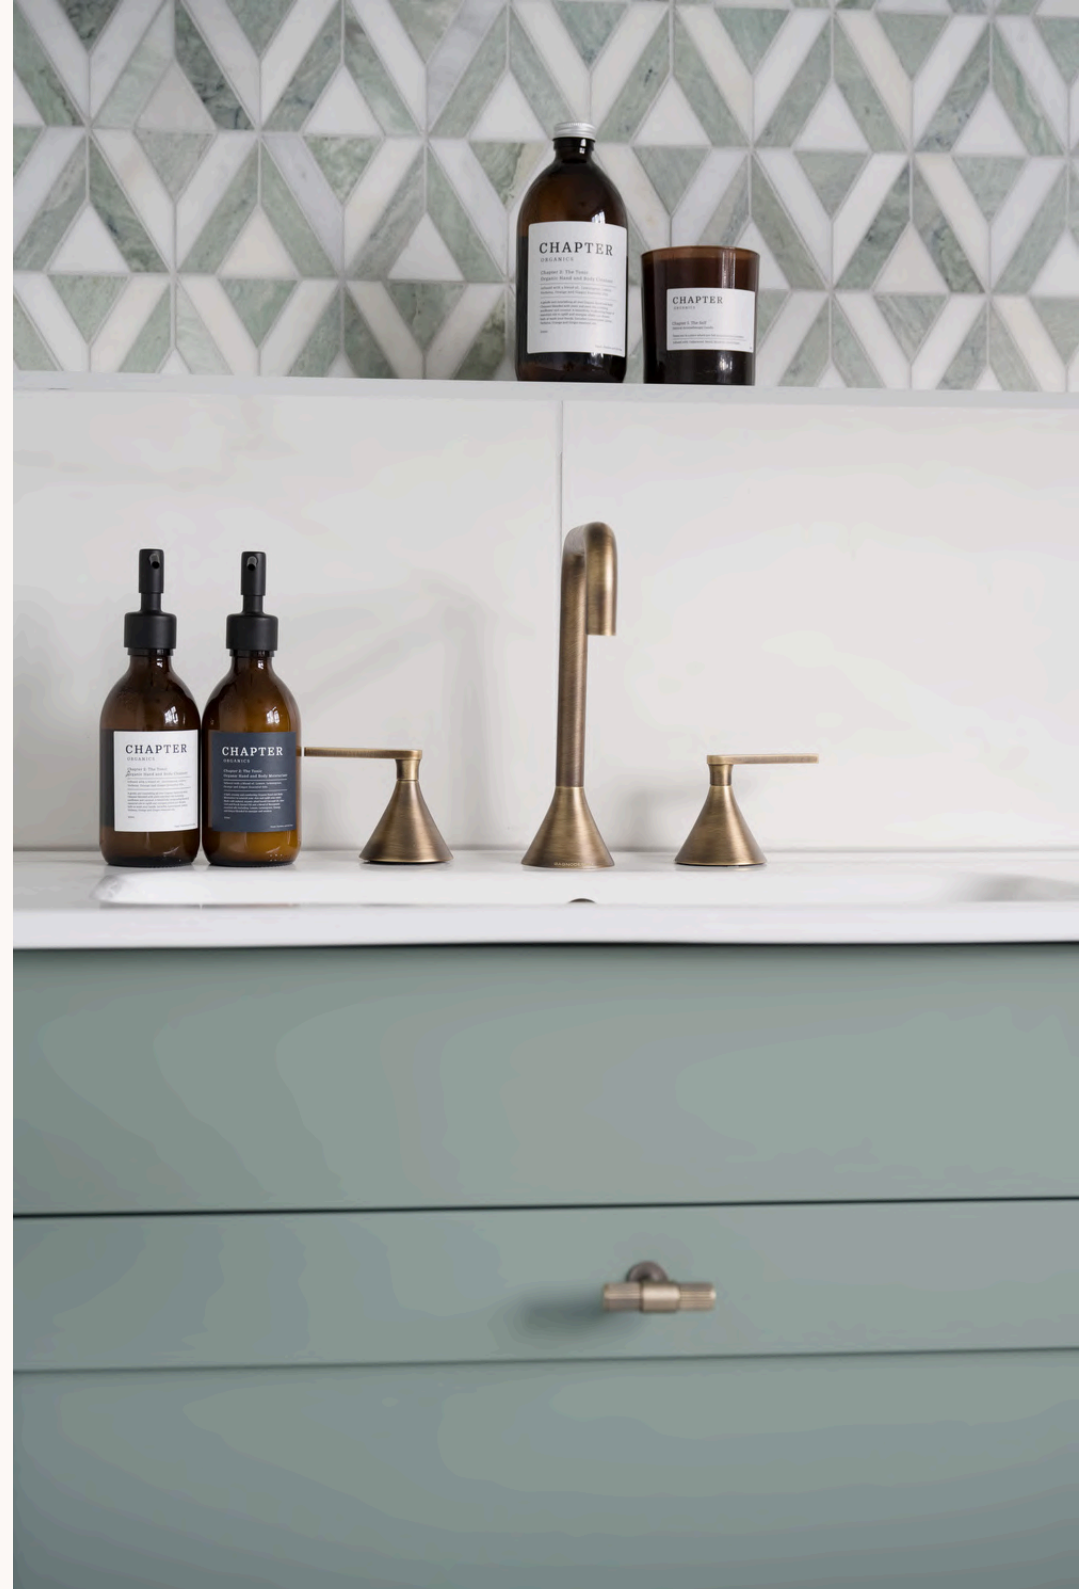

# Bathroom Vanities

Built around the storage you need and the sink you love, we work with you to create a luxurious vanity that lasts a lifetime.

Every detail considered — storage, style, and surfaces built to last.

We work with your builder or interior designer to achieve the perfect design and flawless finish.

# Bespoke Furniture

From bespoke shelving, panelled walls, sideboards, and bookshelves, we work with you to create high-quality pieces built to last.

# Get Started

## Get Started in Three Simple Steps

### 1. Get Inspired

Browse our portfolio, Instagram, and Pinterest to start building your wishlist — colours, styles, clever ideas, and favourite rooms. You don't need all the answers yet — just bring your curiosity and a sense of what matters most to you.

### 2. Book a Consultation

Let's chat! Whether in person or over the phone, we'll guide you through your ideas. No need to have everything figured out — we'll ask the right questions and help shape a brief that suits your home, your lifestyle, and your vision.

### 3. Design Your Dream

Now the fun begins! From layouts and joinery to finishes, features, and the little details that make it uniquely yours, we'll create a design for your dream kitchen or bespoke furniture, tailored perfectly to your space and style.

## We can't wait to hear from you

You've seen what we can create. Whether it's a kitchen that becomes the heart of your home, a dressing room that feels effortlessly luxurious, or a clever space you never knew you needed, we're here to bring it to life. If you can imagine it, we can make it.

Whether you have a clear vision or are simply exploring possibilities, we'd love to hear from you. Schedule a call, or send us a message — and let's start creating something exceptional together.
